MANAGING HEIGHT SAFELY 1 DAY COURSE

Safesite's Working at Height Training Course is essential for all those who are responsible for work at height and for the health and safety of others.

The course covers all aspects relating to working at height and is designed to provide attendees with a thorough understanding of working at height including legislation, safety requirements and working methods.

COURSE CONTENT INCLUDES

- Work at height (WAH)
- Bad practice
- WAH legislation
- Related legislation
- WAH risk assessments
- Hierarchy of controls
- Fall protection systems
- Collective & personal measures
- Selection of equipment for WAH
- Manual Handling
- Planning
- HSE considerations

COURSE PRICES

£195 per delegate, per day, for courses held at Safesite Crawley.

Training courses can also be held at your own premises. Prices are based on location and start at £ 995 per day, for up to 10 delegates.

ADDITIONAL DETAILS

Safesite's RIBA CPD Approved Working Safely at Height Training Course is a one day course.

Full course notes and certification for CPD purposes are provided on completion of the course.

Safesite's Working Safely at Height Training Course is supported by the RICS
