Dear Mr Sidney Abbott,

The Environmental Permitting (England and Wales) Regulations 2010 Confirmation of Registration

Site Ref: NCC/058521

Location of the Operation: South Marston Park, 11a Broadmoor Road, Swindon, SN3 4WB

Following receipt of your submission, we can confirm that we have now registered the operation(s) listed below as exempt under the above Regulations, at the site shown above.

T4 - Preparatory treatments (baling, sorting, shredding etc) (Non-agricultural only)

The exemption(s) will remain valid at this site for 3 year from 16/04/2010. We will remind you that the exemption(s) are due for renewal at least one month before this date. You can renew at any time during the month prior to expiry but if you fail to renew during this period, you will have to make a new application.

If your operations change at any time during the registration period and you wish to add or remove exemptions at your site, you can do this by contacting us at enquiries@environment-agency.gov.uk or by calling 08708 506 506.

Although the above operations are now registered they remain so only whilst you operate within the terms and conditions of those exemptions and whilst you do not cause pollution, harm to the human health or detriment to amenity. It is a criminal offence to carry out these types of operation without an exemption or environmental permit. It is your responsibility to ensure that you know what the legislation requires and that you operate within it.

Now that your exemption(s) are registered, you may wish to enter your details on the Waste Directory. The directory can be useful if you are offering a waste management service, as it helps people find disposal outlets for their wastes. If you are interested in registering the Directory web-site at www.wasterecycling.org.uk.
