

Who's Representing **YOU?**

Good Health and Safety (H&S) management relies on the support and commitment of all staff to make our workplaces safe.

TU Health and Safety Reps represent all staff, not just TU members.

If you have any H&S concerns that you think are not being properly dealt with, please contact any of these reps; your input will be treated in the strictest confidence.

Representative	UNION	Contact extension/e-mail
Daresbury Laboratory (DL)
